

SUZHOU SEAPEAK CO., LTD.

3% and 6% Protein Foam Extinguishing Agent

Features This product is made from animal protein and used to extinguish fires of non-water soluble inflammable liquid and general solid with stable foam, high efficiency of burn resistance and steady coverage of foam.

Item	Technical Data	
Specific Gravity 20 C	1.10 - 1.20	
PH Value 20 C	6.0 - 7.5	
Viscosity 20 C <=	6%	0.015
	3%	0.05
Pour point C	<= - 10	
Sediment 20 C %	<= 0.2	
Stable Sediment 20 C %	< = 0.2	
Foam Expansion 20 C	>= 7.0	
25% Drainage Time 20C min	>= 6.5	
Fire-extinguishing Time Second	<= 120	

Packing and Storage

- 1) Packing : Plastic or metal barrels of 25kg , 50kg,100kg and 200kg.
- 2) Storage : stored in cool , ventilated and dry housed under temperature from -5C to 40 C.
- 3) Effective period : two years
